# Thatching - Alang Alang January 2011

**Genuine top quality full size/weight Balinese Alang Alang**

Strips or sticks come in lengths of 2.5 metres long. If installed at 80mm centres, 12 strips will cover 1 metre x 2.5 metre's...so 12 strips will cover 2.5m<sup>2</sup> or approximately 5 strips at 80mm spacings = 1m<sup>2</sup>.

Rafter centres should not exceed 650mm for best results.

Water proofing using Alang Alang requires the pitch to be no less than 30 degree's and the stick spacing no greater than the 80mm centres used in the above calculation of coverage

**Pricing**

Loose strips of thatch	\$21.50 each
1 Bag/Bale containing (10 Strips)	\$188.80 per bag/bale (10 pieces)
