Thatching - Alang Alang

1st June 2009

Genuine top quality full size/weight Balinese Alang Alang

Strips or sticks come in lengths of 2.5 metres long. If installed at 80mm centres, 12 strips will cover 1 metre x 2.5 metre's...so 12 strips will cover 2.5m² or approximately 5 strips at 80mm spacings = 1m².

Rafter centres should not exceed 650mm for best results.

Water proofing using Alang Alang requires the pitch to be no less than 30 degree's and the stick spacing no greater than the 80mm centres used in the above calculation of coverage

Pricing

Loose strips of thatch	\$21.50 each
1 Bag/Bale containing (10 Strips)	\$188.80 per bag/bale (10 pieces)
